Dear Mr. Morisette,

I did not respond earlier to your letter of 3/28, which I am very glad you sent me, because you s id you would be sending me a cassette.

I do think that what you have can be important and that it should be carried forward. I have friends in Dallas and Fort Worth who can do that.

In fact, the former district attorney, now semi-retired and in private practise, might do it for me.

As I read your letter, the policeman is name Stavis Ellis. If you can give me his address and phone number I can ask them to do this.

With a cassette and a transcript that might be better.

I did not know that Patrick Dean died. Jim Chaney did, too.

If you learned anything else about the mayor changing Curry's secret plan to move Oswald at 2 a.m. I'd sure like to know!

Thanks, sincerely,

Harold Weisberg
